### Confirmation of Booking

Hello Claudio Pastura,

Thank you for booking with Eurowings. We look forward to flying you to your destination soon.

We want you to start your journey relaxed, so this message contains the key details about your flight booking. We would also like to ensure you are as well-prepared for travel as possible, so have included additional helpful information. This includes how you can get in touch with us, what to keep in mind on the ground and above the clouds, and a detailed breakdown of your flight price.

#### Do you need help?

Please note that the **date or time of your flight may change at short notice under certain circumstances**.

But don't worry, **we're here for you:**  
Visit [our website](#) and check your **current flight status**.

If you have **further questions**, feel free to take a look at our [Help Centre](#).

#### A few steps for even more convenient travel

##### Check-in:

Use our [online check-in](#) before you travel. This will save you time at the airport and means you can also go directly to the security check or baggage drop-off. You can check in via our website or app as early as 72 hours before departure. If you would prefer to pick up your boarding pass at the airport, that's no problem. To do this, come to our check-in desks 2 hours before departure. You will just need to show your confirmation and have IDs for all passengers ready. This may incur additional fees e.g. for a flight on a BASIC fare.

### Three tips for relaxed travel:

- At many airports, you can reserve a slot for security check free of charge.  
More information on this is available [here](#).
- Use our self bag drop at selected airports.  
The airports where you can find our digital baggage machines are listed [here](#).
- At selected airports, we offer the option of dropping off baggage  
on the evening before your flight.  
Please check availability and terms and conditions [here](#).

### Overview of all the relevant information

#### Live information about your flight

We want you to arrive at your destination relaxed and on time. Gate and terminal changes can sometimes happen at short notice. Shall we stay in touch? Click [here](#) to share your mobile number or email address with us and we will always keep you up-to-date.

Your boarding card and important information are also available via the [Eurowings app](#).

#### Do you have questions about your trip?

Find the answers in our [help area](#). That is where we share step-by-step explanations of our self-service options, give you tips for the duration of your trip, and let you know about our individual products.

You can also access your flight information via your [myEurowings account](#).

### The perfect travel companion

#### Hand baggage

As a Eurowings customer, you can automatically take a small item of hand baggage (40x30x25 cm) with you on board your flight. Depending on which fare or service you have booked, additional items of hand baggage may be included. Our [website](#) as well as our [General Conditions of Carriage](#) provide the precise provisions and important rules about taking items of hand baggage on board.

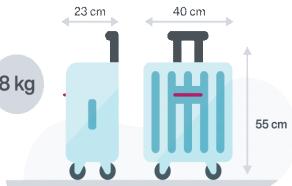

Fare	Small item of hand baggage (40x30x25 cm) e.g. a laptop bag	Large item of hand baggage (55x40x23 cm, 8 kg) e.g. a trolley case
BASIC	1	-
SMART <sup>1</sup>	1	1
BIZclass	1	2

<sup>1</sup> As soon as the overhead lockers in the cabin are full, we load remaining large items of hand baggage into the freight compartment free of charge.

**Small item of hand baggage**

**Large item of hand baggage**

Our overhead lockers sometimes reach capacity, but of course we won't leave your hand baggage behind.

If the overhead lockers are full, we will stow your hand baggage in the hold, provided that it corresponds to our specifications. You will then receive this item of baggage back via the baggage belt. Of course for even more relaxed travel, you can add an item of baggage to your booking online. You can find the offering that suits your needs [here](#).

#### **Suitcases, backpacks and special baggage**

It is not just you that we fly to the destination, but also your suitcase. Dropping off baggage at the check-in desk is easy.

Do you have a large item of baggage with you? Please note the maximum weight for an item of baggage is 32 kg. Some fare types include an item of baggage up to 32 kg. However, there is a possibility that your item of baggage will incur a surcharge at the airport if certain provisions are not met. Key information on this topic is available [here](#) and in our General Conditions of Carriage.

If you are travelling with more than your usual baggage, you can register special baggage such as golf bags, ski equipment, bicycles or surfboards for your flight. Even after booking your flight, you can [register baggage on our website at any time up until your departure](#). To register sporting weapons, we request that you contact our call centre in each case. It's best to transport important personal objects such as medications, documentation, jewellery and cash in your hand baggage, as unfortunately we are not able to accept any liability of any kind for these. If you have electronic devices with you that are equipped with lithium-ion batteries, please separate the battery from your device and carry it with you in your hand baggage. Unfortunately you cannot take devices with permanently installed lithium-ion batteries with you on your trip.

#### **Accessible travel**

At Eurowings, you can reserve accompanying services easily and free of charge online or via our customer service up to 72 hours before departure. If you have a mobility impairment, please let us know about it.

It's best to use our [form](#) for this, which you can fill out and send to our customer service team. If you are assisted by necessary medical baggage, we can register this for you free of charge.

You can also use our [contact form](#) to summarise all the key information about this in a message accompanying with the completed questionnaire. Additional information on this topic is available [here](#).

#### **Secure the right reading materials for your trip**

Your booking comes with access to our library above the clouds.

Secure a digital magazine or newspaper of your choice now, free of charge.

You can use the following link to load your preferred title onto your smartphone, tablet or notebook before your flight.

## Good to know

### Provisions relating to entry and stays

You must be looking forward to your planned trip. To make sure your arrival goes smoothly, you should familiarise yourself with the current entry and stay-related provisions for your destination country now. Further information is available from, for example, the German Federal Foreign Office or your home country's embassy. Please note that young people under the age of 18 years must carry with them a certified declaration of consent from their parents or guardians for entry into and exit from certain countries.

If your entry is refused, you will be responsible for any incurred costs – such as return transport to the country of departure or administrative fees.

### VAT

For flights abroad, you will get a passenger receipt without VAT shown pursuant to Section 26 (3) UStG (German Value Added Tax Act). If you paid for this booking with an American Express I BTA account or a German AirPlus card, you cannot use the invoice for pre-tax deductions. Once you receive a tax replacement voucher, all previously issued passenger receipts for this flight booking are no longer valid.

### Note on associated travel services

If you book additional travel services for your trip via [www.eurowings.com](http://www.eurowings.com), you CANNOT make use of the rights applicable for package holidays in accordance with the Directive (EU) 2015/2302.

Therefore, Eurowings GmbH is not responsible for the proper rendering of such additional travel services. If you have any problems, please contact the relevant service provider. However, if you book additional travel services within 24 hours of Eurowings GmbH confirming your booking, these travel services become part of the associated travel services. In this case, Eurowings GmbH holds the cover specified in accordance with EU law for the reimbursement of your payments to Eurowings GmbH for services that are not provided due to insolvency on the part of Eurowings GmbH, as well as for return transport to the place of departure if necessary. Please note that this will not result in a refund in the event of insolvency on the part of the relevant service provider. Eurowings GmbH has taken out insolvency cover with R+V Allgemeine Versicherung AG. Passengers can contact this institution or, if applicable, the relevant authority (R+V Allgemeine Versicherung AG, Raiffeisenplatz 1, 65189 Wiesbaden, +49 611/533-5859) if they are refused travel services due to insolvency on the part of Eurowings GmbH. Note: This insolvency cover does not apply for contracts with parties other than Eurowings GmbH.

### Important information about your booking

Your booking contains the flight schedule data valid at this point in time. The ticket is (including for tickets with flex option) valid at most for 12 months from the date of issue (booking date), subject to deviating provisions [in these Conditions of Carriage](#). Due to the capacity situation at various European airports, there may be slight deviations in departure times.

### Information about the airports

Under some circumstances airports may collect local fees on-site that are not associated with the stated flight price and which need to be paid locally before departure.

Now there's nothing standing in the way of you having a relaxed journey. If you still have questions about your trip with us, just take a look here: [www.eurowings.com/faq](http://www.eurowings.com/faq)
